**DISABLED PARKING REGULATIONS**

Drivers with disabilities who qualify for special parking placards and registration plates have several accommodations available to them. Please note that the Americans with Disabilities Act (ADA) does not prevent payment of parking meter fees by an individual with a disability:

- You're exempt from paying parking meter fees in Maryland if the parking meters do not meet the requirements of the Americans with Disabilities Act.
- Drivers with a valid disability placard can park for up to twice the maximum allowable time shown on the meter (not to exceed four hours) so long as all the time is paid for.
- Those possessing disability plates or placards must have them clearly displayed.

**ADA-Compliant Equipment**

The City’s parking equipment, the MS1™ multi-space pay stations and M5™ single space parking meters, are compliant with the Federal Americans with Disabilities Act (ADA).

- The pay station screen is positioned at a height of 45”.
- IPS meters are ADA compliant as long as the meter poles are cut to the appropriate heights.
