

Dear Applicant:

Thank you for your interest in Habitat for Humanity Metro Maryland, Inc.'s (HFHMM) CAPABLE Program. HFHMM CAPABLE serves seniors who are experiencing challenges with Activities of Daily Living (ADL's) by providing a more holistic approach to the idea of aging in place.

With the CAPABLE program, income qualified seniors have access to an Occupational Therapist and Registered Nurse, both of whom will conduct a series of visits in order to assist in the identification of challenges, setting of goals, and outlining of action plans for those goals. Within the parameters of the program, Habitat for Humanity is able to provide minor home modifications per the recommendation of the occupational therapist, which are geared toward improving independence.

GENERAL GUIDELINES TO QUALIFY FOR HABITAT'S CAPABLE PROGRAM:

Applicant(s) Must:

- Be at least 65 years of age or older.
- Have difficulty with at least one Activity of Daily Living (ADL) (dressing, bathing, etc.) or difficulty with Instrumental Activities of Daily Living (IADL's) (e.g. Housework, meal preparation, taking medication as prescribed, etc.)
- Be a Montgomery County or Prince George's County resident (applicant does not have to be the owner of the home, but the owner must be willing to sign all forms associated with the home modification piece of the program).
- Reside in a home currently covered by a homeowner's insurance policy.
- Be income qualified (Income for the individual participant cannot exceed \$42,500 per year)
- Be able and willing to participate in meetings with an Occupational Therapist and a Registered Nurse focused on your goals
- Be able and willing to participate in surveys administered by a HFHMM staff member

There is no minimum income needed to qualify

An HFHMM committee will review all applicants. Part of the application process will include a home audit to determine your home's suitability for the program. Please note that homes with unsafe, unsanitary, or illegal living conditions are not eligible for HFHMM's services. Also, note that we will need to access key areas in your home to perform these services and, if we cannot safely access these areas due to significant clutter in your home or other reasons, you may not be eligible for services.

HFHMM strives to serve as many households as possible. For homeowners who participated in the repair or weatherization program in 2015 or later, HFHMM will not approve applications for additional services within a 7-year period.

Should your home require any additional, larger, home repairs, please see Attachment A at the back of this packet. Included, is a cover letter explaining the eligibility requirements for HFHMM's traditional Home Repair and Weatherization Program, which can be paired with the CAPABLE program if eligible.

In order for your application to be considered complete, you must include:

- Income verification (paystubs, social security income etc. – at least for the last 3 months)
- Retirement, Pension, Annuity, SSI and other Social Security benefits may be verified with annual letter stating amount and frequency benefits for the year
- Proof of current homeowners insurance, which includes the address insured, and effective dates.

The application and required documentation will not be returned. Make a copy of the completed application and all documents for your records.

Guidelines for Initial Home Visit

Once your application has been reviewed and it is determined that you qualify for the Habitat for Humanity Metro Maryland, Inc.'s programs, Habitat will set up an initial home visit to begin to create a scope of work. However, if the safety of our staff and volunteers may be compromised in the home we will not complete the home visit and remove your application from our applicant pool until remediation of the safety concerns has occurred. Safety concerns include, but are not limited to:

- Any hoarding activities. Hoarding is defined as the acquisition of, and failure to discard a large number of possessions or large amounts of news papers, magazine or other accumulated items, which may be present in or around a residence.
- The presence or consumption of drugs or alcohol while staff and/or volunteers are in the home
- The presence of guns or other weapons left in the open.
- More than 8 uncaged pets living in the home. Pets being defined as any domesticated animal.
- The presence of mold. If mold is found in a home during a home visit Habitat for Humanity reserves the right to leave the home. Mold can create serious health and air quality issues if not treated*.
- Structural damage that threatens the integrity of the home's building infrastructure.

These damages can include cracks and breaks in the foundation or compromised floors.

If any of these or other situations are present at your home and risk the safety of Habitat staff and volunteers, Habitat reserves the right to refuse or leave a home visit at any time.

If any of these conditions exist in your home, Habitat is happy to recommend resources that can help. Once the situation has been rectified, Habitat will re-open the application for consideration.

*There is a difference between mildew and mold. On top of the health concerns connected to the presence of mold, structural damage can also occur as mold eats away at the surface it is growing on. The picture below on the right shows mold and the one on the left show mildew. Mildew is the beginning stages of mold and can be treated at home without bringing in contractors.

I/We acknowledge that if a home visit is completed by Habitat for Humanity Metro Maryland, Inc. it is not a promise or guarantee that work will be completed.
